Regarding CF# 07-004281

I know most of you who personally know me are in disbelief to hear from media reports that I am suspected of committing such horrendous murders and have taken drastic and shocking actions in the last couple of days. You are saying to yourself that this is completely out of character of the man you knew who always wore a smile wherever he was seen. I know I will be villified by the LAPD and the media.

Unfortunately, this is a necessary evil that I do not enjoy but must partake and complete for substantial change to occur within the LAPD and reclaim my name. The department has not changed since the Rampart and Rodney King days. It has gotten worse. The consent decree should never have been lifted. The only thing that has evolved from the consent decree is those officers involved in the Rampart scandal and Rodney King incidents have since promoted to supervisor, commanders, and command staff, and executive positions.

The question is, what would you do to clear your name?

Name;

A word or set of words by which a person, animal, place, or thing is known, addressed, or referred to.

Name Synonyms;

reputation, title, appellation, denomination, repute.

A name is more than just a noun, verb, or adjective. It's your life, your legacy, your journey, sacrifices, and everything you've worked hard for every day of your life as an adolescent, young adult and adult. Don't let anybody tarnish it when you know you've live up to your own set of ethics and personal ethos.

In 8/07 I reported an officer (Ofcr. Teresa Evans/now a Sergeant), for kicking a suspect (excessive force) during a Use of Force while I was assigned as a patrol officer at LAPD's Harbor Division. While cuffing the suspect, (Christopher Gettler), Evans kicked the suspect twice in the chest and once in the face. The kick to the face left a visible injury on the left cheek below the eye. Unfortunately after reporting it to supervisors and investigated by PSB (internal affairs investigator Det. Villanueva/Gallegos), nothing was done. I had broken their supposed "Blue Line".

Unfortunately, It's not JUST US, it's JUSTICE!!! In fact, 10 months later on 6/25/08, after already successfully completing probation, acquiring a basic Post Certificate, and Intermediate Post Certificate, I was relieved of duty by the LAPD while assigned to patrol at Southwest division. It is clear as day that the department retaliated toward me for reporting Evans for kicking Mr. Christopher Gettler. The department stated that I had lied and made up the report that Evans had kicked the suspect.

I later went to a Board of Rights (department hearing for decision of continued employment) from 10/08 to 1/09. During this BOR hearing a video was played for the BOR panel where Christopher Gettler stated that he was indeed kicked by Officer Evans (video sent to multiple news agencies). In addition to Christopher Gettler stating he was kicked, his father Richard Gettler, also stated that his son had stated he was kicked by an officer when he was arrested after being released from custody. This was all presented for the department at the BOR hearing. They still found me guilty and terminated me.

What they didn't mention was that the BOR panel made up of Capt. Phil Tingirides, Capt. Justin Eisenberg, and City Attorney Martella had a significant problem from the time the board was assembled. Capt. Phil Tingirides was a personal friend of Teresa Evans from when he was her supervisor at Harbor station. That is a clear conflict of interest and I made my argument for his removal early and was denied. The advocate for the LAPD BOR was Sgt. Anderson. Anderson also had a conflict of interest as she was Evans friend and former partner from Harbor division where they both worked patrol together. I made my argument for her removal when I discovered her relation to Evans and it was denied.

During the BOR, the department attempted to label me unsuccessfully as a bully. They stated that I had bullied a recruit, Abraham Schefres, in the academy when in reality and unfounded disposition from the official 1.28 formal complaint investigation found that I was the one who stood up for Abraham Schefres when other recruits sang nazi hitler youth songs about burning Jewish ghettos in WWII Germany where his father was a survivor of a concentration camp. How fucking dare you attempt to label me with such a nasty vile word. I ask that all earnest journalist investigating this story ask Ofcr. Abraham Schefres about the incident when Ofcr. Burdios began singing a nazi youth song about burning jewish ghettos.

The internal affairs investigation in the academy involving Schefres was spurned by a complaint that I had initiated toward two fellow recruit/officers. While on a assigned patrol footbeat in Hollywood Division, Officers Hermilio Burdios IV and Marlon Magana (both current LAPD officers) decided that they would voice their personal feelings about the black community. While traveling back to the station in a 12 passenger van I heard Magana refer to another individual as a nigger. I wasn't sure if I heard correctly as there were many conversations in the van that was compiled of at least 8 officers and he was sitting in the very rear and me in the very front.

Even with the multiple conversations and ambient noise I heard Officer Magana call an individual a nigger again. Now that I had confirmed it, I told Magana not to use that word again. I explained that it was a well known offensive word that should not be used by anyone. He replied, "I'll say it when I want". Officer Burdios, a friend of his, also stated that he would say nigger when he wanted. At that point I jumped over my front passenger seat and two other officers where I placed my hands around Burdios' neck and squeezed. I stated to Burdios, "Don't fucking say that". At that point there was pushing and shoving and we were separated by several other officers. What I should have done, was put a Winchester Ranger SXT 9mm 147 grain bullet in his skull and Officer Magana's skull.

The Situation would have been resolved effective, immediately. The sad thing about this incident was that when Detective Ty from internal affairs investigated this incident only (1) officer (unknown) in the van other than myself had statements consistent with what actually happened. The other six officers (John Carey, Gary Parker, Jacob Waks, Abraham Schefres and names I have forgotten) all stated they heard nothing and saw nothing. Shame on every one of you. Shame on Detective Ty (same ethnicity as Burdios) for creating a separate 1.28 formal complaint against me (Schefres complaint) in retaliation for initiating the complaint against Burdios and Magana. Don't retaliate against honest officers for breaking your so called blue line.

I hope your son Ryan Ty, who I knew, is a better officer than you, Detective Ty. The saddest part of this ordeal was that Officer Burdios and Magana were only given 22 day suspensions and are still LAPD officers to this day. That day, the LAPD stated that it is acceptable for fellow officers to call black officers niggers to their face and you will receive a slap on the wrist. Even sadder is that during that 22 day suspension Burdios and Magana received is that the LAPPL (Los Angeles Police Protective League) paid the officers their salaries while they were suspended. When I took a two day suspension for an accidental discharge, I took my suspension and never applied for a league salary. Its called integrity.

Journalist, I want you to investigate every location I resided in growing up. Find any incidents where I was ever accused of being a bully. You won't, because it doesn't exist. It's not in my DNA. Never was. I was the only black kid in each of my elementary school classes from first grade to seventh grade in junior high and any instances where I was disciplined for fighting was in response to fellow students provoking common childhood schoolyard fights, or calling me a nigger or other derogatory racial names. I grew up in neighborhoods where blacks make up less than 1%. My first recollection of racism was in the first grade at Norwalk Christian elementary school in Norwalk, CA. A fellow student, Jim Armstrong if I can recall, called me a nigger on the playground. My response was swift and non-lethal. I struck him fast and hard with a punch and a kick. He cried and reported it to a teacher. The teacher reported it to the principal. The principal swatted Jim for using a derogatory word toward me. He then for some unknown reason swatted me for striking Jim in response to him calling me a nigger. He stated as good Christians we are to turn the other cheek as Jesus did. Problem is, I'm not a fucking Christian and that old book, made of fiction and limited non-fiction, called the bible, never once stated Jesus was called a nigger. How dare you swat me for standing up for my rights for demanding that I be treated as a equal human being. That day I made a life decision that I will not tolerate racial derogatory terms spoken to me. Unfortunately I was swatted multiple times for the same exact reason up until junior high. Terminating me for telling the truth of a caucasian officer kicking a mentally ill man is disgusting. Don't ever call me a fucking bully. I want all journalist to utilize every source you have that specializes in collections for your reports. With the discovery and evidence available you will see the truth. Unfortunately, I will not be alive to see my name

cleared. That's what this is about, my name. A man is nothing without his name. Below is a list of locations where I resided from childhood to adulthood.

Cerritos, CA.

Pico Rivera, CA.

La Palma, CA.

Thousand Oaks, CA.

Cedar City, UT.

Pensacola, FL.

Enid, OK.

Yorba Linda, CA.

Las Vegas, NV.

During the BOR an officer named, Sgt. Hernandez, from Los Angeles Port Police testified on behalf of the LAPD. Hernandez stated for the BOR that he arrived at the location of the UOF shortly before I cuffed the suspect. He also stated that he assisted in cuffing the suspect and that's old the BOR he told me to fix my tie. All of those statements were LIES!!! Hernandez, you arrived at the UOF location up to 30 seconds after I had cuffed Mr. Gettler. All you did was help me lift the suspect to his feet as it was difficult for me to do by myself because of his heavy weight. You did not tell me to fix my tie as the BOR members and everyone else in the room know you lied because the photographic evidence from the UOF scene where Gettler's injuries were photographed clearly shows me wearing a class B uniform on that day. A class B uniform is a short sleeved uniform blouse. A short sleeved uniform blouse for the LAPD does not have a tie included. This is not Super Troopers uniform, you jackass. Why did you feel the need to embellish and lie about your involvement in the UOF? Are you ashamed that you could not get hired on by any other department other than port police? Do you have delusions of grandeur? What you did was perjury, exactly what Evans did when she stated she did not kick Christopher Gettler.

What they failed to mention in the BOR was Teresa Evans own use of force history during her career on the LAPD. She has admitted that she has a lengthy use of force record and has been flagged several times by risk management. She has a very well known nickname, Chupacabra, which she was very proud to flaunt around the division. She found it very funny and entertaining

to draw blood from suspects and arrestees. At one point she even intentionally ripped the flesh off the arm of a woman we had arrested for battery (sprayed her neighbor with a garden water hose). Knowing the woman had thin elastic skin, she performed an Indian burn to the woman's arm after cuffing her. That woman was in her mid-70's, a mother and grandmother, and was angry at her tenants who failed to pay rent on time. Something I can completely understand and I am sure many have wanted to do toward tenants who do not pay their rent. Teresa Evans was also demoted from a senior lead officer rank/position for performance issues. During my two months of working patrol with Teresa Evans, I found her as a woman who was very angry that she had been pulled from patrol for a short time because of a domestic violence report made by Long Beach Police Department because of an incident involving her active LAPD officer boyfriend, Dominick Fuentes, and herself. Dominick Fuentes is the same officer investigated for witness tampering. She also was visibly angry on a daily basis that she was going to have to file for bankruptcy because her ex-husband, a former LAPD officer and not Dominick Fuentes, who had left the department, state, and was nowhere to be found had left her with a tax bill and debt that she was unable to pay because of a lack of financial means. Evans, you are a POS and you lied right to the BOR panel when Randy Quan asked you if you kicked Christopher Gettler. You destroyed my life and name because of your actions. Time is up. The time is now to confess to Chief Beck.

I ask that all journalist investigating this story submit request for FOIA with the LAPD to gain access to the BOR transcripts which occurred from 10/08 to 2/09. There, you will see that a video was played for the BOR members of Mr. Christopher Gettler who suffers from Schizophrenia and Dementia stating that he was kicked by a female officer. That video evidence supports my claim that Evans kicked him twice in the upper body and once in the face. I would like all journalist to also request copies of all reports that I had written while employed by LAPD. Whether in the academy, or during my 3 years as a police officer. There are DR#'s attached to each report (investigative report) that I have ever written so they all exist. A FOIA request will most likely be needed to access these at Parker center or at the Personnel/Records. Judge my writin/grammar skills for yourself. The department attempted to paint me as an officer who could not write reports. Even though Sgt. Joel Sydanmaa a training officer who trained me stated for the BOR panel that there was nothing wrong with my report writing and that I was better than all rookie/probationer officers he has ever trained. Officer David Drew stated the same but refused to testify as he did not want to "get involved" with the BOR's. Contact Sgt. Donald Deming ,(now a Captain at Lompoc PD), Sgt. Thaddeus Faulk, and Sgt. Ed Clark. All will state that my report writing was impeccable. I will tell you this, I always type my reports because I have messy handwriting/penmanship. I never had a single kickback/redlined report at Southwest division and Sgt. Faulk and Sgt. Clark can testify to that. I never received an UNSATISFACTORY on any day or week. The same can be said within the U.S. Naval Reserves. All commanders will state that my report writing was always clear, concise, and impeccable. Even search my AAR (after action reports),chits, Memorandum's, IIR's (Intelligence Information

Reports) which were written in the Navy. All were pristine.

I had worked patrol at LAPD's Harbor Division from 2/06 until 7/06 when I was involuntarily recalled back to active duty (US Navy) for a 12 month mobilization/deployment to Centcom in support of OIF/OEF. I returned back to LAPD's Harbor division on 7/07 and immediately returned to patrol. I worked

at Harbor division until 11/07 where I then transferred to Southwest Division. I worked At Southwest division until 6/25/08 when I was relieved of duty.

I have exhausted all available means at obtaining my name back. I have attempted all legal court efforts within appeals at the Superior Courts and California Appellate courts. This is my last resort. The LAPD has suppressed the truth and it has now lead to deadly consequences. The LAPD's actions have cost me my law enforcement career that began on 2/7/05 and ended on 1/2/09. They cost me my Naval career which started on 4/02 and ends on 2/13. I had a TS/SCI clearance(Top Secret Sensitive Compartmentalized Information clearance) up until shortly after my termination with LAPD. This is the highest clearance a service member can attain other than a Yankee White TS/SCI which is only granted for those working with and around the President/Vice President of the United States. I lost my position as a Commanding Officer of a Naval Security Forces reserve unit at NAS Fallon because of the LAPD. I've lost a relationship with my mother and sister because of the LAPD. I've lost a relationship with close friends because of the LAPD. In essence, I've lost everything because the LAPD took my name and now I was INNOCENT!!! Capt Phil Tingirides, Justin Eisenberg, Martella, Randy Quan, and Sgt. Anderson all new I was innocent but decided to terminate me so they could continue Ofcr. Teresa Evans career. I know about the meeting between all of you where Evans attorney, Rico, confessed that she kicked Christopher Gettler (excessive force). Your day has come.

I'm not an aspiring rapper, I'm not a gang member, I'm not a dope dealer, I don't have multiple babies momma's. I am an American by choice, I am a son, I am a brother, I am a military service member, I am a man who has lost complete faith in the system, when the system betrayed, slandered, and libeled me. I lived a good life and though not a religious man I always stuck to my own personal code of ethics, ethos and always stuck to my shoreline and true North.

I didn't need the US Navy to instill Honor, Courage, and Commitment in me but I thank them for re-enforcing it. It's in my DNA.

Luckily I don't have to live everyday like most of you. Concerned if the misconduct you were apart of is going to be discovered. Looking over your shoulder, scurrying at every phone call from internal affairs or from the Captains office wondering if that is the day PSB comes after you for the suspects you struck when they were cuffed months/years ago or that \$500 you pocketed from the narcotics dealer, or when the other guys on your watch beat a transient nearly to death and you never reported the UOF to the supervisor. No, I don't have that concern, I stood up for what was right but unfortunately have dealt with the repercussions of doing the right thing and now losing my name and everything I ever stood for. You fuckers knew Evans was guilty of kicking (excessive force) Gettler and you did nothing but get rid of what you saw as the problem, the whistleblower. Gettler himself stated on video tape ( provided for the BOR and in transcripts) he was kicked and even his father stated that his son said he was kicked by Evans when he was released from custody. The video was played for the entire BOR to hear. Tingirides, Eisenberg, and Martella all heard it.

You're going to see what a whistleblower can do when you take everything from him especially his NAME!!!

Look what you did to Sgt. Gavin (now lieutenant) when he exposed the truth of your lying, racism, and PSB cover-ups to frame and convict an innocent man. You can not police yourselves and the consent decree was unsuccessful. Sgt. Gavin, I met you on the range several times as a recruit and as an officer. You're a good man and I saw it in your eyes an actions.

Self Preservation is no longer important to me. I do not fear death as I died long ago on 1/2/09. I was told by my mother that sometimes bad things happen to good people. I refuse to accept that.

From 2/05 to 1/09 I saw some of the most vile things humans can inflict on others as a police officer in Los Angeles. Unfortunately, it wasn't in the streets of LA. It was in the confounds of LAPD police stations and shops (cruisers). The enemy combatants in LA are not the citizens and suspects, it's the police officers.

People who live in glass houses should not throw stones. How ironic that you utilize a fixed glass structure as your command HQ. You use as a luminous building to symbolize that you are transparent, have nothing to hide, or suppress when in essence, concealing, omitting, and obscuring is your forte.

Chief Beck, this is when you need to have that come to Jesus talk with Sgt. Teresa Evans and everyone else who was involved in the conspiracy to have me terminated for doing the right thing. you also need to speak with her attorney, Rico, and his conversation with the BOR members and her confession of guilt in kicking Mr. Gettler. I'll be waiting for a PUBLIC response at a press conference. When the truth comes out, the killing stops.

Why didn't you charge me with filing a false police report when I came forward stating that Evans kicked Mr. Christopher Gettler? You file criminal charges against every other officer who is accused and terminated for filing a false police report. You didn't because you knew I was innocent and a criminal court would find me innocent and expose your department for suppressing the truth and retaliation, that's why.

The attacks will stop when the department states the truth about my innocence, PUBLICLY!!! I will not accept any type of currency/goods in exchange for the attacks to stop, nor do i want it. I want my name back, period. There is no negotiation.

I am not the state department who states they do not negotiate with terrorist, because anybody with a Secret or TS/SCI has seen IIR's on SIPR and knows that the US state department always negotiates by using CF countries or independent sovereign/neutral country to mediate and compromising.

This department has not changed from the Daryl Gates and Mark Fuhrman days. Those officers are still employed and have all promoted to Command staff and supervisory positions. I will correct this error. Are you aware that an officer (a rookie/probationer at the time) seen on the Rodney King videotape striking Mr. King multiple times with a baton on 3/3/91 is still employed by the LAPD and is now a Captain on the police department? Captain Rolando Solano is now the commanding officer of a LAPD police station (West LA division). As a commanding officer, he is now responsible for over 200 officers. Do you trust him to enforce department policy and investigate use of force investigations on arrestees by his officers? Are you aware Evans has since promoted to Sergeant after kicking Mr. Gettler in the face. Oh, you Violated a citizens civil rights? We will promote you. Same as LAPD did with the the officers from Metro involved in the May Day melee at MacArthur Park. They promoted them to Sergeant (a supervisor role).

No one is saying you can't be prejudiced or a bigot. We are all human and hold prejudices. If you state that you don't have prejudices, your lying! But, when you act on it and victimize innocent citizens and fellow innocen officers, than that is a concern.

For you officers who do the job in the name of JUSTICE, those of you who lost honest officers to this event, look at the name of those on the BOR and the investigating officers from PSB and Evans and ask them, how come you couldn't tell the truth? Why did you terminate an honest officer and cover for a dishonest officer who victimized a mentally ill citizen.

Sometimes humans feel a need to prove they are the dominant race of a species and they inadvertently take kindness for weakness from another individual. You chose wrong.

Terminating officers because they expose a culture of lying, racism (from the academy), and excessive use of force will immediately change. PSB can not police their own and that has been proven. The blue line will forever be severed and a cultural change will be implanted. You have awoken a sleeping giant.

I am here to change and make policy. The culture of LAPD versus the community and honest/good officers needs to and will change. I am here to correct and calibrate your morale compasses to true north.

Those Caucasian officers who join South Bureau divisions (77th, SW, SE, and Harbor) with the sole intent to victimize minorities who are uneducated, and unaware of criminal law, civil law, and civil rights. You prefer the South bureau because a use of force/deadly force is likely and the individual you use UOF on will likely not report it. You are a high value target.

Those Black officers in supervisory ranks and pay grades who stay in south bureau (even though you live in the valley or OC) for the sole intent of getting retribution toward subordinate caucasians officers for the pain and hostile work environment their elders inflicted on you as probationers (P-1's) and novice P-2's. You are a high value target. You perpetuated the cycle of racism in the department as well. You breed a new generation of bigoted caucasian officer when you belittle them and treat them unfairly.

Those Hispanic officers who victimize their own ethnicity because they are new immigrants to this country and are unaware of their civil rights. You call them wetbacks to their face and demean them in front of fellow officers of different ethnicities so that you will receive some sort

of acceptance from your colleagues. I'm not impressed. Most likely, your parents or grandparents were immigrants at one time, but you have forgotten that. You are a high value target.

Those lesbian officers in supervising positions who go to work, day in day out, with the sole intent of attempting to prove your misandrist authority (not feminism) to degrade male officers. You are a high value target.

Those Asian officers who stand by and observe everything I previously mentioned other officers participate in on a daily basis but you say nothing, stand for nothing and protect nothing. Why? Because of your usual saying, "I.....don't like conflict". You are a high value target as well.

Those of you who "go along to get along" have no backbone and destroy the foundation of courage. You are the enablers of those who are guilty of misconduct. You are just as guilty as those who break the code of ethics and oath you swore.

Citizens/non-combatants, do not render medical aid to downed officers/enemy combatants. They would not do the same for you. They will let you bleed out just so they can brag to other officers that they had a 187 caper the other day and can't wait to accrue the overtime in future court subpoenas. As they always say, "that's the paramedics job...not mine". Let the balance of loss of life take place. Sometimes a reset needs to occur.

It is endless the amount of times per week officers arrest an individual, label him a suspect-arrestee-defendant and then before arraignment or trial realize that he is innocent based on evidence. You know what they say when they realize an innocent man just had his life turned upside down?. "I guess he should have stayed at home that day he was discovered walking down the street and matching the suspects description. Oh well, he appeared to be a dirtbag anyways". Meanwhile the falsely accused is left to pick up his life, get a new, family, friends, and sense of self worth.

Don't honor these fallen officers/dirtbags. When your family members die, they just see you as extra overtime at a crime scene and at a perimeter. Why would you value their lives when they clearly don't value yours or your family members lives? I've heard many officers who state they see dead victims as ATV's, Waverunners, RV's and new clothes for their kids. Why would you

shed a tear for them when they in return crack a smile for your loss because of the impending extra money they will receive in their next paycheck for sitting at your loved ones crime scene of 6 hours because of the overtime they will accrue. They take photos of your loved ones recently deceased bodies with their cellphones and play a game of who has the most graphic dead body of the night with officers from other divisions. This isn't just the 20 something year old officers, this is the 50 year old officers with significant time on the job as well who participate.

You allow an officer, Thaniya Sungruenyos, to attempt to hack into my credit union account and still remain on the job even when Det. Zolezzi shows the evidence that the IP address (provided by LAPFCU) that attempted to hack into my account and change my username and password leads directly to her residence. You even allow this visibly disgusting looking officer to stay on the job when she perjures (lies) in court (Clark County Family Court) to the judge's face and denies hacking into my personal credit union online account when I attempted to get my restraint order extended. Det. Zolezzi provided the evidence and you still do nothing.

How do you know when a police officer is lying??? When he begins his sentence with, "based on my experience and training".

No one grows up and wants to be a cop killer. It was against everything I've ever was. As a young police explorer I found my calling in life. But, As a young police officer I found that the violent suspects on the street are not the only people you have to watch. It is the officer who was hired on to the department (pre-2000) before polygraphs were standard for all new hires and an substantial vetting in a background investigation.

To those children of the officers who are eradicated, your parent was not the individual you thought they were. As you get older, you will see the evidence that your parent was a tyrant who loss their ethos and instead followed the path of moral corruptness. They conspired to hide and suppress the truth of misconduct on others behalf's. Your parent will have a name and plaque on the fallen officers memorial in D.C. But, In all honesty, your parents name will be a reminder to other officers to maintain the oath they swore and to stay along the shoreline that has guided them from childhood to that of a local, state, or federal law enforcement officer.

Bratton, Beck, Hayes, Tingirides, Eisenberg, Martella, Quan, Evans, Hernandez, Villanueva/Gallegos, and Anderson. Your lack of ethics and conspiring to wrong a just individual are over.

Suppressing the truth will leave to deadly consequences for you and your family. There will be an element of surprise where you work, live, eat, and sleep. I will utilize ISR at your home, workplace, and all locations in between. I will utilize OSINT to discover your residences, spouses workplaces, and children's schools. IMINT to coordinate and plan attacks on your fixed locations. Its amazing whats on NIPR. HUMINT will be utilized to collect personal schedules of targets. I never had the opportunity to have a family of my own, I'm terminating yours. Quan, Anderson, Evans, and BOR members Look your wives/husbands and surviving children directly in the face and tell them the truth as to why your children are dead.

Never allow a LAPPL union attorney to be a retired LAPD Captain,(Quan). He doesn't work for you, your interest, or your name. He works for the department, period. His job is to protect the department from civil lawsuits being filed and their best interest which is the almighty dollar. His loyalty is to the department, not his client. Even when he knowingly knows your innocent and the BOR also knows your innocent after Christopher Gettler stated on videotape that he was kicked and Evans attorney confessed to the BOR off the record that she kicked Gettler.

The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants-TJ. This quote is not directed toward the US government which I fully support 100%. This is toward the LAPD who can not monitor itself. The consent decree should not have been lifted, ever.

I know your TTP's, (techniques, tactics, and procedures). Any threat assessments you you generate will be useless. This is simple, I know your TTP's and PPR's. I will mitigate any of your attempts at preservation. ORM is my friend. I will mitigate all risks, threats and hazards. I assure you that Incident Command Posts will be target rich environments. KMA-367 license plate frames are great target indicators and make target selection even easier.

I will conduct DA operations to destroy, exploit and seize designated targets.

If unsuccessful or unable to meet objectives in these initial small scale offensive actions, I will reassess my BDA and re-attack until objectives are met. I have nothing to lose. My personal casualty means nothing. Just alike AAF's, ACM's, and AIF's, you can not prevail against an enemy combatant who has no fear of death. An enemy who embraces death is a lose, lose situation for their enemy combatants.

Hopefully you analyst have done your homework. You are aware that I have always been the top shot, highest score, an expert in rifle qualifications in every unit I've been in. I will utilize every bit of small arms training, demolition, ordnance, and survival training I've been given.

Do you know why we are unsuccessful in asymmetrical and guerrilla warfare in CENTCOM theatre of operations? I'll tell you. It's not the inefficiency of our combatant commanders, planning, readiness or training of troops. Much like the Vietnam war, ACM, AAF, foreign fighters, Jihadist, and JAM have nothing to lose. They embrace death as it is a way of life.

I simply don't fear it. I am the walking exigent circumstance you created.

The Violence of action will be HIGH. I am the reason TAC alert was established. I will bring unconventional and asymmetrical warfare to those in LAPD uniform whether on or off duty. ISR is my strength and your weakness. You will now live the life of the prey. Your RD's and homes away from work will be my AO and battle space. I will utilize every tool within INT collections that I learned from NMITC in Dam Neck. You have misjudged a sleeping giant. There is no conventional threat assessment for me. JAM, New Ba'ath party, 1920 rev BGE, ACM, AAF, AQAP, AQIM and AQIZ have nothing on me. Do not deploy airships or gunships. SA-7 Manpads will be waiting. As you know I also own Barrett .50's so your APC are defunct and futile.

You better have all your officers radio/phone muster (code 1) on or off duty every hour, on the hour.

Do not attempt to shadow or conduct any type of ISR on me. I have the inventory listing of all UC vehicles at Piper Tech and the home addresses of any INT analyst at JRIC and detachment locations. My POA is always POI and always true. This will be a war of attrition and a Pyrrhic and Camdean Victory for myself. You may have the resources and manpower but you are reactive and predictable in your op plans and TTP's. I have the strength and benefits of being unpredictable, unconventional, and unforgiving. Do not waste your time with briefs and tabletops.

Whatever pre-planned responses you have established for a scenario like me, shelve it. Whatever contingency plan you have, shelve it. Whatever tertiary plan you've created, shelve it. I am a walking exigent circumstance with no OFF or reset button. JRIC, DOJ, LASD, FBI and other local LE can't assist and should not involve themselves in a matter that does not concern them.

For all other agencies, do not involve yourself in this capture or recovery of me. Look at the big picture of the situation. They (LAPD) created the situation. I will harm no outside agency unless it is a deadly force/IDOL situation. With today's budgeting and fiscal mess, you guys can not afford lose several officers to IOD or KIA/EOW. Plus, other officers should not have to take on the additional duties and responsibilities of dead officers. Think about their families, outside agencies, Chiefs/Directors.

Outside agencies and individual officers on patrol. If you recognize my vehicle, and confirm it is my vehicle thru a dmv/want warrant check. It behoves you to respond to dispatch that your query was for information purposes only. If you proceed with a traffic stop or attempt to notify other officers of my location or for backup you will not live to see the medal of valor you were hoping to receive for your actions. Think before you attempt to intervene. You will not survive. Your family will receive that medal of valor posthumously. It will gather dust on the fireplace mantel for years. Then one day, it will go in a shoe box with other memories. Your mother will lose a son or daughter. Your significant other will be left alone, but they will find someone else to fill your void in the future and make them just as happy. Your children, if you have them, will call someone else mommy or daddy. Don't be selfish. Your vest is only a level II or IIIA, think about it.

No amount of IMINT, MASINT, and ELINT assist you in capturing me. I am off the grid. You better use your feet, tongue and every available DOD/ NON-DOD HUMINT agency, contractor to find me. I know your route to and from home, and your division. I know your significant others routine, your children's best friends and recess. I know Your Sancha's gym hours and routine. I assure you that the casualty rate will be high. Because of that, no one will remember your name. You will merely be a DR# and "that guy" who was KIA/EOW or long term IOD/light duty in the kit room. This is exactly why "station 500" was created. Unfortunately, orphanages will be making a comeback in the 21st century.

If you had a well regulated AWB, this would not happen. The time is now to reinstitute a ban that will save lives. Why does any sportsman need a 30 round magazine for hunting? Why does anyone need a suppressor? Why does anyone need a AR15 rifle? This is the same small arms weapons system utilized in eradicating Al Qaeda, Taliban, and every enemy combatant since the Vietnam war. Don't give me that crap that its not a select fire or full auto rifle like the DoD uses. That's bullshit because troops who carry the M-4/M-16 weapon system for combat ops outside the wire rarely utilize the select fire function when in contact with enemy combatants. The use of select fire probably isn't even 1% in combat. So in essence, the AR-15 semiautomatic rifle is the same as the M-4/M-16. These do not need to be purchased as easily as walking to your local Walmart or striking the enter key on your keyboard to "add to cart". All the firearms utilized

in my activities are registered to me and were legally purchased at gun stores and private party transfers. All concealable weapons (pistols) were also legally register in my name at police stations or FFL's. Unfortunately, are you aware that I obtained class III weapons (suppressors) without a background check thru NICS or DROS completely LEGALLY several times? I was able to use a trust account that I created on quicken will maker and a \$10 notary charge at a mailbox etc. to obtain them legally. Granted, I am not a felon, nor have a DV misdemeanor conviction or active TRO against me on a NCIC file. I can buy any firearm I want, but should I be able to purchase these class III weapons (SBR's, and suppressors) without a background check and just a \$10 notary signature on a quicken will maker program? The answer is NO. I'm not even a resident of the state i purchased them in. Lock n Load just wanted money so they allow you to purchase class III weapons with just a notarized trust, military ID. Shame on you, Lock n Load. NFA and ATF need new laws and policies that do not allow loopholes such as this. In the end, I hope that you will realize that the small arms I utilize should not be accessed with the ease that I obtained them. Who in there right mind needs a fucking silencer!!! who needs a freaking SBR AR15? No one. No more Virginia Tech, Columbine HS, Wisconsin temple, Aurora theatre, Portland malls, Tucson rally, Newtown Sandy Hook. Whether by executive order or thru a bi-partisan congress an assault weapons ban needs to be re-instituted. Period!!!

Mia Farrow said it best. "Gun control is no longer debatable, it's not a conversation, its a moral mandate."

Sen. Feinstein, you are doing the right thing in leading the re-institution of a national AWB. Never again should any public official state that their prayers and thoughts are with the family. That has become cliché' and meaningless. Its time for action. Let this be your legacy that you bestow to America. Do not be swayed by obstacles, antagaonist, and naysayers. Remember the innocent children at Austin, Kent, Stockton, Fullerton, San Diego, Iowa City, Jonesboro, Columbine, Nickel Mines, Blacksburg, Springfield, Red Lake, Chardon, Aurora, and Newtown. Make sure this never happens again!!!

In my cache you will find several small arms. In the cache, Bushmaster firearms, Remington precision rifles, and AAC Suppressors (silencers). All of these small arms are manufactured by Cerberus/Freedom Group. The same company responsible for the Portland mall shooting, Webster , NY, and Sandy Hook massacre.

You disrespect the office of the POTUS/Presidency and Commander in Chief. You call him Kenyan, mongroid, halffrican, muslim, and FBHO when in essence you are to address him as

simply, President. The same as you did to President George W. Bush and all those in the highest ranking position of our land before him. Just as I always have. You question his birth certificate, his educational and professional accomplishments, and his judeo-christian beliefs. You make disparaging remarks about his dead parents. You never questioned the fact that his former opponent, the honorable Senator John McCain, was not born in the CONUS or that Bush had a C average in his undergrad. Electoral Candidates children (Romney) state they want to punch the president in the face during debates with no formal repercussions. No one even questioned the fact that the son just made a criminal threat toward the President. You call his wife a Wookiee. Off the record, I love your new bangs, Mrs. Obama. A woman whose professional and educational accomplishments are second to none when compared to recent First wives. You call his supporters, whether black, brown, yellow, or white, leeches, FSA, welfare recipients, and ni\$er lovers. You say this openly without any discretion. Before you start with your argument that you believe I would vote for Obama because he has the same skin color as me, fuck you. I didn't vote in this last election as my choice of candidate, John Huntsman, didn't win the primary candidacy for his party. Mr. President, I haven't agreed with all of your decisions but of course I haven't agreed with all of your predecessors decisions. I think you've done a hell of a job with what you have been dealt and how you have managed it. I shed a tear the night you were initially elected President in 2008. I never thought that day would occur. A black man elected president in the U.S. in my lifetime. I cracked a smile when you were re-elected in 2012 because I really didn't think you were going to pull that one off. Romney, stop being a sore loser. You could've exited graciously and still contributed significantly to public service, not now. Mr. President, get back to work. Many want to see you fail as they have stated so many times previously. Unfortunately, if you fail, the U.S. fails but your opponents do not concern themselves about the big picture. Do not forget your commitment to transparency in your administration. Sometimes I believe your administration forgets that. America, you will realize today and tomorrow that this world is made up of all human beings who have the same general needs and wants in life for themselves, their kin, community, and state. That is the freedom to LIVE and LOVE. They may eat different foods, enjoy different music, have different dialects, or speak a second language, but in essence are no different from you and I. This is America. We are not a perfect sovereign country as we have our own flaws but we are the closest that will ever exist.

Unfortunately, this is not the first time an authoritative figure has lied on me.

Mr. Freid, assistant principal, Cypress HS. Remember when you lied to my mother and the police officer in your office about stating that you never stated to me in a private conversation that you know the theft suspect (Miranda) stole my watch. Let me refresh your memory. A physical education teachers assistant, a student, stole the list of combination codes to peoples lockers, from the P.E. teacher. That student then opened many of those lockers and stole students

personal property. My watch was taken in that multi theft and I reported it to you. A week later you discovered that the theft suspect was Paul Miranda, a student. You stated to me in private that you know for a fact he stole my property. When I attempted to retrieve my property from the suspect. Campus security was called and you lied and stated that you never stated to me that you "know he stole my watch". You sat there and lied to their faces right in front of me. You said it with such a deliberate, stern face. I never forgot that and was not surprised when 13 years later I was lied on again in the BOR by Teresa Evans. maybe you can confess to your family at the very least in the private of your own home. After that, contact my mother and apologize for lying to her in 1996.

If possible, I want my brain preserved for science/research to study the effects of severe depression on an individual's brain. Since 6/26/08 when I was relieved of duty and 1/2/09 when I was terminated I have been afflicted with severe depression. I've had two CT scans during my lifetime that are in my medical record at Kaiser Permanente. Both are from concussions resulting from playing football. The first one was in high school, 10/96. The second was in college and occurred in 10/99. Both were conducted at Kaiser Permanente hospitals in LA/Orange county. These two CT scans should give a good baseline for my brain activity before severe depression began in late 2008.

Sure, many of you "law enforcement experts and specialist" will state, "in all my years this is the worst.....", Stop!!! That's not important. Ask yourselves what would cause somebody to take these drastic measures like I did. That's what is important.

To my friends listed below, I wish we could have grown old together and spent more time together. When you reminisce of our friendship and experiences, think of that and that only. Do not dwell on my recent actions the last few days. This was a necessary evil that had to be executed in order for me to obtain my NAME back. The only thing that changes policy and garners attention is death.

Luis Sanchez, greatest friend, Marine officer, aviator, and an even better father and husband. I Couldn't have had a better big brother than you. Your spoken wisdom was always retained by me, you old salty Mustang. You sternly told me that no matter what I accomplish I will always be a ni#%er in many individuals eyes. At the time, I did not comprehend your words. I do now. I never forgot the quote you state below. I love you bro.

I never saw a wild thing feel sorry for itself. A small bird will drop frozen dead from a bough without ever feeling sorry for itself. –D.H. Lawrence

Jason Valadao, greatest friend, Naval officer, aviator, Great Father, husband, doctor, and even better human being. I always strived to live my life parallel to your similar values and personal disciplines. Danika is lucky to have found a man like yourself, and you are fortunate to have married an irrefutable imperfect woman. Always focus on your IMMEDIATE family as they are the ones who have loved you unconditionally and always been there to support you in difficult times. I always lived my life as WWJD (what would Jason do). Danika, take care of this guy. Jason, I'm sorry I missed your wedding and you had to find another best man. I'm sorry my predicament with the department stopped me from watching you and Danika get married and arguing with you about issues that were insignificant when I was really angry at the LAPD for what they did to me. I'm deeply sorry and I love you guys.

James Usera, great friend, attorney, father, husband, and the most cynical/blatant/politically incorrect friend a man can have. Best quality about you in college and now is that you never sugar coated the truth. I will miss our political discussions that always turned argumentative. Thanks for introducing me to outdoor sports like fishing, hunting, mudding, and also respect for the land and resources. Us city boys don't get out much like you Alaskans. You even introduced me to PBR. A beer, that when you're a poor college student is completely acceptable to get buzzed off of. I'm sorry I'll never get to go on that moose and bear hunt with you. I love you bro.

Kinta Smith, greatest friend, accountant, entrepreneur, and even better Human being. You are probably the most well balanced person I've ever met and the most driven for success. In college, and after graduation, I was inspired by your personal drive. Never settle. When you make your first million, promise me you won't forget to enjoy it a bit. I know your first reaction will be to invest it somewhere else. Spend a little, just a little. I love you bro.

Jason Young, great friend, entrepreneur, husband and father. You showed me the importance of fatherhood and friendship. Love you bro.

Suzie Clark Cunningham, Kassandra Harrell, Melinda Yates, Cal Jackson, Ryan Smith, The Rebelledos, The Banks, Ben Bines, J. Work, Bill O'Neill, Jeremy Fletcher, and Rob Harriston.

You guys were all important and very special to me. Don't be angry with me. I missed some of your weddings and unfortunately, some of your funerals. This was a necessary evil.

Some say it is my fault that I was terminated. Yes, DDX, I remember you stating this to me in an angry fit. You said that I should have kept my mouth shut about another officer's misconduct. Maybe you were right. But I'm not built like others, it's not in my DNA and my history has always shown that. When you view the video of the suspect stating he was kicked by Evans, maybe you will see that I was a decent person after all. I told the truth. It still hurt that you abandoned me in my time of need. I hope you're happy, that's all I ever wanted for you.

Sgt. Leonard Perez, you meant well but you should have known with your time on the job that the department would attempt to protect someone like Evans because of her time on the job, personal friendships, and ethnicity. I'm not angry with you, but you should have known as an IA investigator.

Sgt Maggie Faust LPPD, Ofcr John Thomas LPPD (ret), and Chief Eric Nunez LPPD, your guidance and mentoring as a young police explorer was second to none and invaluable as a young man, police officer, and naval officer. Sgt Faust, you forewarned me long ago about joining LAPD as they were "different" and operated differently from other modern law enforcement agencies. I now know it was your humbleness and respect for all who wear the badge and protect their communities that you didn't just express what you wanted to say, that they lack values and basic ethics as law enforcement officers. Chief Nunez, your fucking awesome. Thanks for the long talks over the years when I was an explorer, college student, Naval officer, and Police officer. You are a great leader and carry your heart on your sleeve. Your son will be a great Air Force officer with the upbringing you provided. John, what can I say? You just an awesome person and my first exposure to what law enforcement was really about was on our ride alongs. Your realistic approach and empathetic approach to treating all people as humans first is something I carried with me daily. Thank you, every one of you.

Dr. Funahashi, thank you for the superb surgery you performed on my knee on 7/98 in Irvine, CA. I never had the opportunity to thank you for allowing me to live a life free of knee joint pain. Thank you.

CM1 Bissett (Ret.), I learned more from you about leadership than most of my own commanders. You lived by a strict ethos of get it done, and get it done right. I wanted to attend

your retirement, I really did. But because of my predicament I was unable to. Hope you and Ritchie are still together. I've always held you in high regard.

Sgt Maj. Kenneth "Rock" Rocquemoire USMC, Thank you for the intense instruction and mentorship and time spent forging me into a never quit officer. You were challenging as a DI. You made sure the vicious and intense personality I possess was discovered. On a lighter note....Don't feel humbled you never broke me. I made it a personal goal to never give up years before. The Corp is lucky to have you at the front. Your leadership is essential and needed for all marines, especially staff NCO's and mentorship and advisement to company grade officers. You are the epitome of a US marine and never forget that.

I thank my friends for the awesome shared experiences. I thank the unnamed women I dated over my lifetime for the great and sometimes not so great sex.

It's kind of sad I won't be around to view and enjoy The Hangover III. What an awesome trilogy. Todd Phillips, don't make anymore Hangovers after the third, takes away the originality of its foundation. World War Z looks good and The Walking Dead season 3 (second half) looked intriguing. Damn, gonna miss shark week.

Mr. Vice President, do your due diligence when formulating a concise and permanent national AWB plan. Future generations of Americans depend on your plan and advisement to the president. I've always been a fan of yours and consider you one of the few genuine and charismatic politicians. Damn, sounds like an oxymoron calling you an honest politician. It's the truth.

Hillary Clinton. You'll make one hell of a president in 2016. Much like your husband, Bill, you will be one of the greatest. Look at Castro in San Antonio as a running mate or possible secretary of state. He's (good people) and I have faith and confidence in him. Look after Bill. He was always my favorite President. Chelsea grew up to be one hell of an attractive woman. No disrespect to her husband.

Gov. Chris Christie. What can I say? You're the only person I would like to see in the White House in 2016 other than Hillary. You're America's no shit taking uncle. Do one thing for your wife, kids, and supporters. Start walking at night and eat a little less, not a lot less, just a little. We want to

see you around for a long time. Your leadership is greatly needed.

Wayne LaPierre, President of the NRA, you're a vile and inhumane piece of shit. You never even showed 30 seconds of empathy for the children, teachers, and families of Sandy Hook. You deflected any type of blame/responsibility and directed it toward the influence of movies and the media. You are a failure of a human being. May all of your immediate and distant family die horrific deaths in front of you.

Chris Matthews, Joe Scarborough, Pat Harvey, Brian Williams, Soledad O'Brien, Wolf Blitzer, Meredith Vieira, Tavis Smiley, and Anderson Cooper, keep up the great work and follow Cronkite's lead. I hold many of you in the same regard as Tom Brokaw and the late Peter Jennings. Cooper, stop nagging and berating your guest, they're your (guest). Mr. Scarborough, we met at McGuire's pub in P-cola in 2002 when I was stationed there. It was an honor conversing with you about politics, family, and life.

Willie Geist, you're a talented and charismatic journalist. Stop with all the talk show shenanigans and get back to your core of reporting. Your future is brighter than most.

Revoke the citizenship of Fareed Zakaria and deport him. I've never heard a positive word about America or its interest from his mouth, ever. On the same day, give Piers Morgan an indefinite resident alien and Visa card. Mr. Morgan, the problem that many American gun owners have with you and your continuous discussion of gun control is that you are not an American citizen and have an accent that is distinct and clarifies that you are a foreigner. I want you to know that I agree with you 100% on enacting stricter firearm laws but you must understand that your critics will always have in the back of their mind that you are native to a country that we won our sovereignty from while using firearms as a last resort in defense and you come from a country that has no legal private ownership of firearms. That is disheartening to American gun owners and rightfully so.

The honorable President George H.W. Bush, they never give you enough credit for your successful Presidency. You were always one of my favorite Presidents (2nd favorite). I hope your health improves greatly. You are the epitome of an American and service to country.

General Petraeus, you made a mistake that the majority of men make once, twice, or

unfortunately many times in a lifetime. You are human. You thought with your penis. It's okay. I personally believe you should have never resigned and told your critics to shove it. You only answer to two people regarding the affair, your wife and children, period. I hope you return to government service to your country as it is visibly in your DNA.

General Colin Powell, your book "My American Journey" solidified my decision to join the military after college. I had always intended to serve, but your book and journey motivated me. You are an inspiration to all Americans and influenced me greatly.

To all SEA's (senior enlisted advisers), you are just as important if not a greater viability to large and small commands. It's time you take a more active role in leading your enlisted and advising officers. These are not your twilight years or time to relax. You can either strengthen the tip of the spear, or make it brittle. You decide.

Pat Harvey, I've always thought you carried yourself professionally and personally the way a strong black woman should. Your articulation and speech is second to none. You are the epitome of a journalist/anchor. You are America.

Ellen Degeneres, continue your excellent contribution to entertaining America and bringing the human factor to entertainment. You changed the perception of your gay community and how we as Americans view the LGBT community. I congratulate you on your success and opening my eyes as a young adult, and my generation to the fact that you are know different from us other than who you choose to love. Oh, and you Prop 8 supporters, why the fuck do you care who your neighbor marries. Hypocritical pieces of shit.

Westboro Baptist Church, may you all burn slowly in a fire, not from smoke inhalation, but from the flames and only the flames.

Tebow, I really wanted to see you take charge of an offense again and the game. You are not a good QB by today's standards, but you are a great football player who knows how to lead a team and WIN. You will be "Tebowing" when you reach your next team. I have faith in you. Get out of that circus they call the Jets and away from the reality TV star, Rex Ryan, and Mark Rypien Sanchez.

Christopher Walz, you impressed me in Inglorious Basterds. After viewing Django Unchained, I was sold. I have come to the conclusion that you are well on your way to becoming one of the greats if not already and show glimpses of Daniel Day Lewis and Morgan Freeman-esque type qualities of greatness. Trust me when I say that you will be one of the greatest ever.

Jennifer Beals, Serena Williams, Grae Drake, Lisa Nicole-Carson, Diana Taurasi, N'bushe Wright, Brenda Villa, Kate Winslet, Ashley Graham, Erika Christensen, Gabrielle Union, Isabella Soprano, Zain Verjee, Tamron Hall, Gina Carano, America Ferrara, Giana Michaels, Nene, Natalie Portman, Queen Latifah, Michelle Rodriguez, Anjelah Johnson, Kelly Clarkson, Nora Jones, Laura Prepon, Margaret Cho, and Rutina Wesley, you are THE MOST beautiful women on this planet, period. Never settle, professionally or personally.

Dave Brubeck's "Take Five" is the greatest piece of music ever, period. Hanz Zimmer, William Bell, Eric Clapton, BB King, Bob Marley, Sam Cooke, Metallica, Rob Zombie, Nora Jones, Marvin Gaye, Jay-Z, and the King (Louis Armstrong) are musical prodigies.

Jeffrey Toobin and David Gergen, you are political geniuses and modern scholars. Hopefully Toobin is nominated for the Supreme Court and implements some damn common sense and reasoning instead of partisan bickering. But in true Toobin fashion, we all know he would not accept the nomination.

John and Ken from KFI, never mute your facts and personal opinions. You are one of the few media personalities who speak the truth, even when the truth is not popular. I will miss listening to your discussions.

Bill Handel, your effin awesome. For years I enjoyed your show.

Anthony Bourdain, you're a modern renaissance man who epitomizes the saying "too cool for school".

Larry David, Kevin Hart, the late Patrice O'Neal, Lisa Lampanelli, Chris Rock, Jerry Seinfeld, Louis CK, Dave Chapelle, Jon Stewart, Wanda Sykes, Dennis Miller, and Jeff Ross are pure geniuses. I'm a big fan of all of your work. As a child my mom caught me watching Def Jam comedy at midnight when I should have been asleep. Instead of scolding me, the next night she let me stay up late and watch George Carlin, Eddie Murphy and Richard Pryor comedy specials with her for hours. My sides were sore for days.

Larry David, I agree. 72-82 degrees is way to hot in a residence. 68 , degrees is perfect.

Cyclist, I have no problem sharing the road with you. But, at least go the fucking speed limit posted or get off the road!!! That is a feasible request. Livestrong you fraudulent assholes.

Cardinal Mahoney, you are in essence a predator yourself as you enabled your subordinates to molest multiple children in the church over many decades. May you die a long and slow painful death.

If you continuously followed me while I was walking at dusk/night I would confront you as well. Too bad Trayvon didn't smash your skull completely open, Zim. While Trayvon's body erodes to bones 6 feet under, Zimmerman has put on no less than 40 pounds while out on bail. Zimmerman was arrested for battery on a Peace officer and avoided jail/prison because he completed a diversion program. That's a history of being an asshole. Zimmerman couldn't get hired by a LE agency because of poor credit/and a history of violence/restraining orders with women. So what does he do? Designate himself, neighborhood watch captain and make complaints to his city council about the horrible work ethic and laziness of the officers patrolling his neighborhood. Good one Zim. How classy that your father attempts to use his veterans status "disabled veteran" during your bail hearing but doesn't state what his disability percentage is. Prior service personnel know it can be 5% disability to 100%. You and your attorneys always avoid mentioning your father's occupation as a magistrate/judge because I'm sure he's utilized his position to get you out of way more jams than the public has discovered and that your family is not indigent. Oh, tell your wife to stop perjuring herself in court.

KCCO

Anonymous, you are hated, vilified, and considered an enemy to the state. I personally view you as a culture and a necessity that brings truth to a cloaked world. Forge ahead!

Charlie Sheen, you're effin awesome.

My opinion on women in combat MOS', Designators, Rates, and AFSC's. I wish all of you who attempt to pursue combat occupational roles the greatest success in completing, graduating, and qualifying in their respective schools/courses. Many want to see you fail. Remember, everyone of you is a pioneer. There was a time when they didn't allow blacks to fight the good fight. This is your civil rights. Don't quit!!!

It's time to allow gay service member's spouses to utilize the same benefits that all heterosexual dependents are eligible for. Medical, Dental, Tricare, Deers, SGLI, BX, Commissary, Milstar, MWR, etc. Flag officers, lets be honest. You can't really give a valid argument to as why gays shouldn't be eligible as every month a new state enacts laws that allow same sex marriage.

LGBT community and supporters, the same way you have the right to voice your opinion on acceptance of gay marriage, Chick Fil-A has a right to voice their beliefs as well. That's what makes America so great. Freedom of expression. Don't be assholes and boycott/degrade their business and customers who patronize the locations. They make some damn good chicken! Vandalizing (graffiti) their locations does not help any cause.

Mr. Bill Cosby, you are a reasonable and talented man who has spoken the truth of the cultural anomalies within the black communities that need to change now. The black communities' resentment toward you is because they don't like hearing the truth or having their clear and evident dirty laundry aired to the nation. The problem is, the country is not blind nor dumb. They believe we are animals. Do not mute your unvarnished truthful speech or moral compass. Blacks must strive for more in life than bling, hoes, and cars. The current culture is an epidemic that leaves them with no discernible future. They're suffocating and don't even know it. MLK Jr. Would be mortified at what he worked so hard for in our acceptance as equal beings and how unfortunately we stopped progressing and began digressing. Chicago's youth violence is a prime example of how our black communities values have declined. We can not address this nation's intolerant issues until we address our own communities morality issues first. Accountability. We need to hold ou"

*jesus christ didn't expect this dude to be so damn liberal.. I don't know how you can not see Bush and Obama were puppets and traitors to the flag. I hope you kill all these corrupt fucking cops, but dude we gotta have assault weapons in the case that us citizens need to clean shop with all these fucking corrupt police officers and politicians as well.*

*Hello? The dude is INSANE. Why is he saying a gun ban would have stopped this. It doesn't make sense. How would any gun ban stop a cop, who has/had access to fully automatic machine guns, from getting his hands on any kind of weapon? Also, you're an idiot. How is he going to only kill corrupt cops?*

Jeremiah Dean says:

*With the heated gun debates in Washington, do you really think a guy like this said all these things. A solider want's to ban assault weapons? Never!*

*The second half of the manifesto these people are reading does not belong to Dorner for sure. Just read it and see how the writing style, focus, tone, direction, subject and sanity within the words suddenly changes.*

*Don't be so easily fooled guys. They say the manifesto was 11,000 words, but my brain tells me*

*its around 6,000.*

*Gun Grabbers are dirty.*

*How can you say that!? If he has not done everything that he has done, most of America does not know this!*

CHRIS says:

February 11, 2013 at 8:15 pm

*he was fired for protecting and serving, he did the right thing by filing a complaint against Sgt. Teresa Evans he was protecting his fellow Americans, now this is as it says in the subject line "Last Resort" he went to numerous courts of law trying to clear his name yet the other officers all failed to "serve and protect"*

crysis says:

February 8, 2013 at 3:10 pm

*I actually understand his pain, he wants a change in the corrupt activity of the LAPD, a total revamp of their behavior towards law and order.*

KK says:

February 8, 2013 at 9:09 pm

*Someone needed to expose this corrupt LAPD department ... If you actually read all of this "manifesto" he states ... he is not on a killing spree .... This is his only way to "clear" is name .. The legal way as usual doesn't work ...*

*WHAT? You say you read all this and you missed the part about, "You will now live the life of the prey"? How did you miss that? Are you retarded or something?*

WOTP says:

February 8, 2013 at 4:13 pm

*Why is the title of this story imply that Office Dorner is deranged? Constantly hearing the N-word in an über corrupt workplace and being framed and villified for being honest and losing your livelihood...all of this could make the sanest of us snap.*

*And how can people write that killing people is wrong? All of the perpetrated and covered-up deaths that the LAPD is responsible for? Seriously?*

*I am usually the last person to condone violence. However, I am all for someone taking a stand again tyranny. Bravo Office Dorner! You are indeed a true hero and an ambassador to the marginalized in America.*

*Hero my ass. He is going about this all wrong. Exposing corrupt behavior? Fine. Killing officers or their family members? Yeah not so much. Per his manifesto – "high value targets" include all ethnicities and sexual orientations. If he shoots someone not covered under his "definitions" he has one last category – "Those of you who "go along to get along" have no backbone and destroy the foundation of courage. You are the enablers of those who are guilty of misconduct." – Yup looks like he has justified shooting whoever he wants. Hero my foot. This guy was a time bomb waiting to explode. Were you there? How do you know he is not making all of this up? Sounds like typical "victim mentality" to me. He says he was called a n-gg-r on the playground and he punched and kicked the kid. The kid was punished but so was he. Where he falls short is understanding WHY he was punished. He was punished for physically assaulting another person. I don't care what the other person did – two wrongs never make a right. Personally, I believe that this manifesto actually reveals why he should never have been a cop in the first place! He complains about Rodney King and says things have gotten worse... I would bet any amount of money that he would have no problem pulling a Rodney King on a white criminal. Just sayin'!*

*.My favorite part of his manifesto has to be this: "If possible, I want my brain preserved for science/research to study the effects of severe depression on an individual's brain. Since 6/26/08 when I was relieved of duty and 1/2/09 when I was terminated I have been afflicted with severe depression. I've had two CT scans during my lifetime that are in my medical record at Kaiser Permanente. Both are from concussions resulting from playing football." <<< SERIOUSLY? Depression, concussions... nevermind all of THAT – has he ever had a psychiatric evaluation for other things such as "sociopathic or psychopathic behavior" (my guess would be the latter).*

*This is not a manifesto it is the cry of a man abused by the system he worked for. Under the pressure of events over the last few years he has become angry, and depressed as would just about anyone I know. If the stories of police officers shooting up cars that "look like" the suspects vehicle are trustworthy it is obvious that the LAPD have no intention of capturing Dorner and bringing him to a trial of his peers! They do not want the truth to become public knowledge.*

*That's exactly how I see it, Penny!! And I'm sick of the news calling him a psychopath,he didn't start out that way, he doesn't WANT to hurt anyone, he WANTS to clear his name, his livelihood!! I wish these journalists would/could track down these "named" officers (I'm sure they're hidden away) and get to the bottom of these accusations!! I believe him when he says they are all corrupt!! I believe that they all lied in that BOR, Kangaroo Court...how ridiculous with ALL the connections!! How COULD he get a fair rap?!?! He never had a chance, and knowing what kind of an officer he turned out to be (honest) it was clear they didn't want the likes of him around, which explains why they turned him down every time he tried to get his job back!!!! Now killing their family members he feels is the ONLY way to hurt them back, NOW I know this is wrong and I don't agree, but I understand his pain. It's now seeing what and how long TPTB will let this happen, and obviously they have the manpower over him, so they're not going to give into him, which in reality is TOO bad that he couldn't get his way without innocent people getting hurt, because I feel Mr. Dorner is "technically right". Just obviously "vigilantism" is illegal. I hope that all made sense We all know that he won't be taken alive. I believe Mr. Dorner was an honest officer when he served his people while on duty....unfortunately, his "fellow" officers were an injustice to HIM and the people of LA and shame on them!!*

Ex Cop says:

February 9, 2013 at 10:08 am

*As a former police officer, I have conflicting thoughts about this story. On one hand, I am suspicious that there is at least some truth in his claims that he was falsely accused and that the media should thoroughly investigate all of his claims. On the other hand, as someone who was forced off of my police department after having been falsely accused I don't condone in any way his violent, murderous reaction to it, especially the murder of his attorney's daughter and her fiancé who were 100% innocent of any wrongdoing. Any sympathy the public had for this man should have completely ended at that point. The thought of doing something like what he did never crossed my mind. The circumstances were different from his, but similar in some ways. I committed no crime but was falsely accused a violating a department policy. And like him, I saw unethical behavior while in the police academy and after reporting it, I was told by fellow cadets that the academy staff was looking for a way to terminate me, but couldn't do it because I aced my tests and did very well in all my training.*

*I am convinced that on some police departments the "blue code of silence" absolutely does exist. On those departments, good ole boy networks engage in cover-ups like those he alleges. On the other hand I know of departments that would not tolerate the kind of abuses by police officers that he alleges and would quickly fire officers involved in doing it. So his attempt to cast all police officers in a negative light does a serious injustice to those departments and officers who regularly treat the public with dignity and respect.*

*If I could sum up the root causes of the problems between the police and the communities they serve, especially the African American communities, it would probably be these:*

1. While there are many very professional police officers who truly have a humble mindset of "serving" the public, there are still way too many officers who are bullies with badges. The good officers view their role as one of sacred "responsibility" to the communities they serve. The bullies are on power kicks and often feel they're above the law. They are unnecessarily rude and abrasive and leave in their wakes a trail of offended and insulted members of the community. In some cases, they destroy people's lives by making unwarranted arrests.

2. In general, it has been my experience that the general public regularly misinterprets the intentions of well meaning police officers because of their lack of knowledge of why police do what they do, and of the dynamics of shooting confrontations when they occur. This is especially true in the black community. Too many racist black “leaders” are quick to point the finger at well meaning police officers because they are profoundly ignorant of the risks that the officers had to deal with when handling the incident. When I hear a black pastor or other community leader complain “why did they have to shoot him X times”, and they immediately blame it on racism, I know that the person who said that doesn’t have a clue about the dynamics of real shooting confrontations, and how difficult it can sometimes be to stop a suspect with fewer shots. They create a lot of unnecessary problems between their communities and the police by their shoot from the hip, racist ignorant public comments.

3. The general public has little to no idea of what it’s like to be a police officer. It’s one thing to watch episodes of “Cops”, and quite another to live those experiences first hand, especially over a long career of 20 years or more. Depending on the community an officer serves in, these pressures and psychological trauma they experience can be moderate to severe. Like any other human being, unwarranted criticism of their good intentions can wear on them over a period of time, and praise and encouragement for when they get it right can be motivating. They’re not machines, they’re human beings, and I think the public often forgets that because they hold them to standards that most of them could never meet themselves.

4. After having grown up in mostly black neighborhoods (I’m white), and after having patrolled in many primarily black neighborhoods, I am convinced of two things as far as the lower income, higher crime rate black neighborhoods are concerned:

a) racism is rampant in the black community, and they’re as racist (or more so) as they claim that the police are. As a former white police officer who regularly treated everyone with respect, including blacks, it was not a fun experience to be called a “white honkey pig” for just doing the job I had to do. That can wear on any police officer over time no matter how hard you try to not let it affect your thinking.

b) black culture in those communities is its own worst enemy, and at best dysfunctional. Dorner makes reference to some of these issues in his manifesto when he says, “I’m not an aspiring rapper, I’m not a gang member, I’m not a dope dealer, I don’t have multiple babies momma’s.”. Let’s be honest that if the residents of those communities, including the gang members, multi-generation welfare queens, etc. would take as hard of a look at the serious

flaws in their own culture and thinking as they do with the culture of their local police departments, they should be appalled by what they see. Too often they focus on the police as a convenient way to distract attention away from the horrendous problems they bring upon themselves. It's much easier to point a finger at someone else and yell "racism" than it is to acknowledge the glaring problems all these immoral single mothers and their largely undisciplined children are causing in their own communities.

There are voices of reason in the black community who have tried for years to call attention to these cultural problems, but they are largely ostracized as "uncle Tom's" and ignored. As a police officer it's very difficult to be unaffected by what you witness in these communities on a daily basis, especially over a period of years. Drawing those conclusions isn't racism. It's just being a good observer and exercising common sense. But the racism pimps in the black community will almost always spin it as racism, and that makes them as much a part of the problem as they claim the police are.

I had to retire due to health reasons that stemmed from service to my country in the US Army back during the 91 Gulf war period, but law enforcement still runs in my veins. Plus, I still see many bad things from those days every time I close my eyes. As you say, there are always bad apples in any group, including police. I tried to do what I thought was right and felt that God had called me to minister to people in this way by being an officer, but nonetheless, I was called every white, racist, word that one could think of. The funny part is that I am Native American and my people too were discriminated against, but I hold no grudge towards anyone alive today, as they were not part of the problem my ancestors faced. As many times that I felt that I was wronged, as you said, never once did I consider going on a killing spree. Sorry, but this guy is completely wrong in handling the problems the way that he has chosen to do so, and he will eventually have to pay the price for it. For his own good, he needs to be taken out. If soldiers were giving better ways to mentally handle combat and the return to normal society maybe this wouldn't have happened. If we started caring more about others and less about ourselves maybe this wouldn't have happened. You can blame him, you can say this is all just because he was crazy and "warped". But that mentality won't get you anywhere. We must also accept responsibility for these events. In order to change and prevent this from occurring in the future we need to admit there is a problem and it's not just one crazy man. Sometimes even a crazy person can make some good points. *I am someone who is wrongfully accused in a corrupt system. The fallout that can occur as a result of a wrongful accusation can completely ruin a person's life. Like this guy, my relationship with my mother and every one of my close friends has been ruined. Just an accusation in itself can be enough to take away everything in a person's life that was close to them. So many times a corrupt system with people who have it out for you is just impossible for a person to defend against. Friends and relatives don't want to be involved and back away from a person when they need support the most. When a person has lost everything they stand for, and when their good name and reputation is the most important thing in their life and it's been taken from them I can imagine the kind of reaction this guy is having. Sometimes when a corrupt system is so powerful it can ruin a person's life with impunity, a dramatic reaction is bound to happen. When someone feels like they have absolutely no options and no recourse, and their life and everything they loved is taken precisely because they were trying to be a good and principled person it's very conceivable they would snap. Look at the killdozer incident where a corrupt system ruined that guys life and he lost his means of survival. When this happens on a larger scale in a country then people fight for their freedom and it's applauded. There's no way a situation like this will ever be applauded or supported publicly, but many people who've read this "manifesto" and then seen the media's description of it as the ramblings of a lunatic believe this guy and actually support him. What he's doing could never measure up to decades of corruption and inhumane treatment of suspects, even those who were later found innocent. Racism was*

*probably just galvanized in the LAPD after the Rodney King incident. It's true that most suspects or officers would be too intimidated to speak out about the corruption. Sooner or later the corruption was bound to effect someone who was unusually uncompromising in his beliefs, and it messed up his life enough not to care about the consequences of fighting it. He tried to fight it through all the appropriate channels and even the self-policing system was corrupted and got rid of him as a result. In my situation I am wrongfully accused of something and the effect it's had on my life is profound. The corruption of the system I have to deal with is something a person wouldn't believe if it was in a novel. A prosecutor told my girlfriend's mother that if she comes to testify on my behalf she will have have her arrested on the spot for traffic warrants. When corruption is absolute you are powerless to fight it. Innocent people go to jail every day because police and prosecutors are more interested in achieving a prosecution than who is innocent. You see evidence of it all the time with high profile cases. The police want to show they are doing their job and will put away whoever they can to satisfy the demand of the public. Guilty people go free every day and innocent people get thrown under the bus every day, it's a fact of a flawed justice system. Look at the story of the West Memphis Three, after growing up in jail being raped those people were eventually acquitted after conflicting DNA evidence pointed to their innocence. Corruption like this tends to go on until there's a dramatic, conspicuous event that exposes it like the Rodney King incident or some victim that becomes cornered and his life is ruined so he lashes out.*

Never in my 54 years have I seen an American President so Hell-bent on dividing and pitting one group of Americans against the other. Obama speaks publicly of his fellow countryman (the opposition-Republicans) using words worse than he uses against the throat cutters and the death loving culture of Islam. *No – Dormer is trying to manipulate people to do his bidding by threatening their families. No one is “making” him do that. He is personally accountable for pulling the trigger. No one can “make” anyone do anything that they really don’t want to do – as is evident that Dormer can’t “make” anyone admit to things that may or may not have happened. Clear his name? Please! Dormer can go fuck himself with his assault rifle.*

*“Unfortunately, I will not be alive to see my name cleared.” <<<< Of course not. The chicken shit will kill himself rather than surrender or get caught. I would rather see him arrested and tried in court. In his manifesto, he tries to portray himself as unstoppable and unafraid. If he was truly unafraid and he truly believed his name would be cleared, I would think he would want to be around for that. He is nothing but a disgruntled ex-cop who wants to go out and take as many innocent victims with him as he can. This manifesto is nothing but a pitiful attempt at justifying his actions. I am waiting for the grand finale – you know, the one where multiple people get killed in an explosion or a spray of automatic weapon fire... I will be surprised if he doesn't have some mass killing plan. Kind of like the sniper who lured firefighters by setting a fire and then sniped them before killing himself. I picture a similar incident but on a much larger scale*

*He's clearly snapped and is a murderer but I believe the LAPD is to blame for driving someone to the breaking point. They created a situation where they took everything this guy cared about in his life so he had nothing to lose. I believe their entire system of self regulation and internal review is corrupt and useless. This guy made every attempt to go follow proper procedure and not only were his complaints ignored but they terminated him because his ethics threatened to cause problems with their corrupt way of operating. It probably would have gone on forever and he's probably right that he is going to force the issue and force change. His life is ruined, he's got nothing to lose so he's going to force change in a system that ruins many lives. Whoever gets hurt or killed is probably very small compared to all the people whose lives are ruined in some way by a completely corrupt and unimpeachable system. The only thing that could change a system that is corrupt even in its self-policing system is some dramatic event like this that forces the issue. On the scale of evil this guy definitely isn't free from fault but everything he's doing is understandable and many people can relate. People can't relate to or understand an addled serial killer, but this guy describes his thinking and his actions clearly and people can imagine someone snapping in that situation after their life being ruined simply because they held to their principles. He was fired and drug through the mud and made out to be a dirtbag for doing the right thing. It ruined his relationships, future jobs and his military career. This was everything he was all about, and he prided himself on his principles and courage to speak out. Without people like that corruption and injustice would always prevail. He's fulfilling his personal vendetta with the dirtbags that have no problem at all with ruining innocent lives and more power to him. People shouldn't be able to ruin innocent lives without any fear of consequences because they're protected by a completely corrupt self-policing system. I have seen it myself and I completely believe that innocent people have crimes pinned on them because they were at the wrong place at the wrong time. I completely believe that the officers would do nothing about it when they learned of people's innocence later. I have been the victim of something very similar and I've seen a corrupt system allow an innocent toddler go on being sexually molested by his father because the fathers uncle was the chief of police. There was semen on the boys underwear and everything, the boy said it was happening, the father molested two other boys in the past. The police would not even do a DNA analysis on the semen or interview the child. I saw this with my own eyes. Power corrupts, and absolute power corrupts absolutely. In some situations I believe it's inevitable that the right person gets his life ruined, someone that will never lay down and let the injustice prevail even if it comes to what Dorner is doing. With corruption as bad as LAPD, situations like I described about the boy happen on a daily bases. A*

*police department that large is responsible for dealing with hundreds of thousands of cases where they hold the key to people's lives and they decide the outcome of whether people live or die, whether sexual abuse is allowed to continue or not, or whether an innocent bystander had his life ruined or not. I'm sure the corruption in LAPD ruins a great deal many more lives than will be ruined by Dorner. His actions may very well cause real change and save many lives. It's an equation that many people will not or cannot accept or justify, but life doesn't play by a rule book and the reality isn't as black and white as just calling this guy a deranged murderer. It's not any more black and white than when a military kills a million people to secure freedom from the corruption of other people. Innocent and not so innocent lives are lost for a greater good. It just doesn't look as kosher when it's an individual breaking the law. We hear enough stories about crazed adolescents with machine guns to make it all look the same. Dorner is a totally different story, and I believe these people are getting what they deserve.*

*No, he will not kill himself. I would rather he be able to stand trial, but the LAPD will make sure they will kill him before they bring him in. They do not want all of this to come out in a court. Things he is writing about is probably true. Corruption is a major problem among all police departments.*

*Guys, you speak as though murder were free speech. Murder is murder—period! If a poor white person who had grown up in a black, inner city ghetto and been beat up his whole life “snapped” and decided to start killing African Americans who had picked on him and their families, would you support that? What nonsense! There are a million different legitimate ways to be heard in this nation. None of them involve murder or violence! I know many of you just think it's cool to appear radical. Let's pray you and your children aren't in the way when the next psychopath decides to exercise his free speech rights!*

*There are non-violent ways to be heard. Patience is a must. There are many people who are still highly interested in Nazism and many have been identified. It is one thing to have one's own personal belief system, but when violence, either of words or of the body is used to force others to back off reporting the illegal behaviors of these people, Nazi's are pushing to far. Too combat them with a return of threats, violence and murder is just as bad.*

*As a current LEO (Law Enforcement Officer), most people fail to realize Dorner's acts of violence will NOT make any news media investigate the wrongdoings of the LAPD. The media is all about ratings and investigating what may or may not be true, in Dorner's eyes, will never happen as long as they can make a buck at his expense. His manifesto will only serve as fuel to make him out to be a villain. I am of Hispanic descent and have had my fair share of racist comments but no matter what happens I still have a job to do, Protect and Serve the community who trust that I will do my job ethically and morally. I don't believe anyone can truly say they "understand" Dorner for what he has written or done, because, until you've walked a mile in another person's shoes, you will never understand a person. Unfortunately, we live in a society where there will always be that bad apple that spoils the bunch. I think of myself as an honest, professional, polite, respectful officer in the community that I serve. I treat everyone with the respect they deserve. Don't get me wrong, when the time comes, if its a choice between me going home to my family or the criminal that I am trying to arrest, I am going home at the end of my shift, safely and unharmed (by the Grace of God). Former Officer Dorner, I appreciate and respect you for your courage in the service you provided our great nation (as messed up as it may be) and the community you strived to protect and serve but I wish you chose a more appropriate way to retaliate against the department that you say betrayed your trust and allegiance. Violence does not solve anything, it only begets more violence. Just look at the gang members he speaks of. He may not be a gang member but he is acting like one. In the gang mentality, if a gang member is wronged or disrespected, they are expected to retaliate with violence to show a sign of strength. I wish that, if he was truly the man he claimed to be, he would have found another way to go about accomplishing his goal of uncovering the alleged corruption in the LAPD (I was not there and have no direct knowledge of). No matter where a person works, there will always be some level of corruption whether it be in the form of nepotism, racism, excessive force, etc. I would like to think that if he had so much to say, the news media would've loved to hear about it before he went on his violent rampage against fellow brothers in blue that are the fundamental protectors and servicers of the communities they are employed by. If he had so much to say, I for one would like to have heard it from him*

*It has been reported that he sent a package to Anderson Cooper at CNN and possibly other media outlets prior to this vigilante justice with no response. Anderson Cooper said he wasn't aware of it at the time because it went to his assistant. I don't agree with his actions, but I do think he believed that he tried every legal avenue to expose the alleged corruption before embarking on this "last resort". He knew he would end up dead at the end of this.*

*It needs to be mentioned that he DOES NOT believe in God. I'm not a religious zealot nor am I a fanatic that preaches every chance they get BUT it must be pointed out- when a person is depressed or angry and has no "hell" or "heaven" to think of... or believes when we die we just get buried and decompose- The ONLY thing that WILL matter to them IS their Name and the materials they posses in this world and compassion tends to disappear when that attitude emerges. The attitude of Darwinism tends to perpetuate the "eat or be eaten" barbarism that is so prevalent in our society today. While I empathize with his feelings of being punished for doing the right things throughout most of his career, there is no rational justification for going on a rampage. Yes, he snapped... Yes, we can identify the reasons. But does that excuse his behavior? No.*

*Christopher Dorner made some very good and valid points about racism in this country- in regards to both white and black communities. From the comments I've read above, it seems people are picking and choosing which to use to fit their argument.*

*He chastises both EQUALLY. He defends Bill Cosby, he points out that "black leaders" perpetuate the racism by being hateful towards whites (I think that's what EX COP was referring to). Dorner ALSO exposes and discusses the racism he has been subjected to by whites... This is one area where I agree with Dorner, and hope we can all use this as an eye opener, rather than more fuel for the fire.*

*It's time for American's to evolve beyond racism and barbarism... Dorner had it half right.*
